

## MOCK DILOUGES...

This is the conversation b/w “Me” & a person name “Mr. American”... and the title of this conversation is...

WHY I SHOULD BE AN  
INDIAN...???

It was 11 at night. The night was as cold as in Serbia, whether I had never been in Serbia but I know “How’s the night oftenly served there.” I was feeling very boredom ,there was neither any book ,nor any movie, nor any other stuff in which I could make my concentration . So I chose my best ever thing to do and It was chatting. Chat on yahoo msn. ,cuz I oftenly find many friends online all the time on it. I switched to yahoo msn. Now I was online , I chose any American room just in search for any cool American guy. Oh, suddenly I got a chat invitation. It was from a person named “Mr. American”. Here’s the chat below..

**Mr. American :** Hi...

**Me:** Really , but I don't think so , cuz, first Americans feed there own children then to us, although, I do think we ( Indian ) have great opportunities here in India , u know it's an developing country ...

**Mr. American :** oh, come on .... India , really a ' blurred ' country,, India sucks .....man ,it's just ur whim that u can get job there , I'd say just come here ...

**Me :** no man u shud not say such a vulgar things about ur country , it's not really a ' blurred ' .. & ..why I wouldn't get job here..... I'm really disagree with u...

**Mr. American :** oh, it's not a matter of ur disagreement, aren't u familiar with the corruption in India , the day by day 'Scams' r relieving from India to world ...Aren't u think it's a matter of worry for such a person like u...hmmmmmm.....

**Me :** but why.....? If there is a Scams here ,then, it doesn't mean that we shud leave it , it's not a matter of worry , it's a matter of unity.. I'm not a person like u, The selfish one...If my country is in trouble then I can't leave it like u....

**Mr. American :** oh...don't be Emotional ... it's just a philosophic things that u r talking about , aren't u know about , The CWG Scam...,

The Adarsh Scam....,

The 2-G spectrum Scam ....,

The ISRO spectrum Scam... & many more...u said it's not a matter of ur worry ,  
hmm....then , Let me answer some questions, if ur country persons like A.Raja , Suresh Kalmadi , and many more will get all of ur money ,then, How will u get ur jobs in future, ur country's economy will become weak & all of U become unemployed..All of u will then strive from hunger & unemployment...

That's a matter of ur worry...

**Me:** k...k...but what does “ your “ mean ..Isn’t it ur country .u also belong to India...&..what If our country has a corruption , not any country is perfect , it’s a person there who makes it perfect .. & ...u r really very-very mean & a selfish guy...India fed u ..u did ur studies here & now u r rebuking ur own country .. How an Idiot u r ...hmmmm.....that’s really very cheap....

**Mr. American :** oh come on , who the hell u r to tell me that. I’m not a selfish nor a mean person . I’m just a person of extraordinary qualities that any other Indian don’t have & that’s why u r feeling jealousy of me...

**Me:** oh , u r really an ‘ Insane ‘ . U r just not a selfish & mean but also an extraordinary Idiot . U shud respect ur country , It’s ur reputation ..And..what the hell is ur User name ‘ Mr. American ‘ it’s really sucks ... A blurred username u have & really very basterd person u r...

**Mr. American :** oh really.. it’s my user name Cuz I love America ,cuz , it’s America who is feeding me ..

And... U tell me “ **WHY I SHOULD BE AN INDIAN...???**” “**WHY I SHUD WORK FOR INDIA...?**”

“**WHY I SHOULD LIVE IN INDIA**” ..really a bloody country it is ...A country have full of corruption, a poor country .. a dirty country...yaaa...it was my country but now I’m a successful person & I get my success here .. today I’m earning more than \$10,000 a month...So, why I shud live there. Such a slum country...hmm...

Tell me .....

**Me :** “WHY U SHUD BE AN INDIAN ...?? “ no no...U shud better ask a question, “WHY U SHUD BE HUMAN ..?” U r a person of great- great rebellious ideas, if u really think that India is a dirty, poor & country for less ability persons then why did u take a birth here ,hmmm... Ask a question frm ur mamma. Was she really happy to give u a birth...!! First get it’s answer then talk to me....

**Mr. American :** Hey !! Don’t be personal , & , I would say u r becoming Emotional , I’m saying the truth & this truth is very bitter for u...poor guy sorry....but that’s a truth.....

**Me :** Really, then let me know .what STATES or any other countries have that India don’t have...It was Barak Obama , the American president who came to India to beg jobs for their country persons..None of our President or Prime Minister went to STATES to beg for jobs..but yaa, it’s U. Who has done so...U must begged for ur job ....oh poor guy..If u really had a qualities then u could easily get a very gud job here , but as I said u r a person of Idiotic ideas, u r a rebellious person to his own nation ..I really feel very sorry for u...a poor guy u are..... ☹

**Mr. American :** I’m not talking about any Single country.. There are lots of countries which r consider as a World’s most developed Countries... many of them r in Europe.. And I’s just saying there r Still some necessary things that must be done. I’m not rebuking it.. I’s just saying first Indian Government has to

attain that necessary things than they could compete with other developed countries..Then the other Skillful persons from foreign country would also visit India & Would Do a job there.

**Me :** Hey\_\_\_Hey\_\_\_\_\_What Happens .. Where's ur rudeness now? I can observe a guiltful politeness in u. But U shud better to know this thing that , I don't need it...And what about my questions ..first reply them .

U must thought that I'm a boy of 18 and U can tell anything to me about my country , but bro. This will be ur Whim .. I've full rely on my country , I'm not a person like u.. U tell me What would happen If again Recession come to STATES , Will ur job be secure enough so u could stay there , If U'll get expel frm Ur job then , U'll run back to same ' Dirty ' , ' poor ' & ' Blurred ' Country ...hmmm.....Am I right ?

**Mr. American :** I'm very much familiar with all that things , but I'm talking what the people here talk about India...

**Me :** No ,No... There r none who tell that , that was ur thinking ... And now u r feeling sorry on it..hmm...

U know what .... U have proud or say over-proud , that makes ur mind dumb.

What India has....?

Why U shud be an Indian.....? hmmm.....

Oh Idiot Guy , U don't deserve to be an Indian ..... Even U don't deserve to be a human .Look yourself in mirror and think How a big mistake U are ...!

Bye bye ..... Asshole .....

I don't want to talk to fake persons like u....

Go on..And worship ur whimsy developed Countries and miss the True Paradise ...
